## HOW TO REGISTER AND BID ON AUCTIONSPLUS

- 1 Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) to register at least 48 hours before the sale.
- 2 Select "Sign Up" in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select "Dashboard" and then select "Request Approval to Buy"
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.

**Welcome** to our sixth Emerald sale.

With the national beef herd now rebuilt and producers transitioning to a larger female cull, now is a great time to be using terminal sires to boost profit. The old adage of breeders for the environment and sires for the market is still a good one and Limousin are well positioned to add value to not only the steer portion of stock turnoff, but also the heifer portion. Using Limousin bulls that add weight and muscle to ALL offspring is a great way to capitalise on the muscle premium in these times.

Conditions have been exceptionally dry for the past 12 months but all bulls have grazed irrigated oats from 25 March. The Talana way is to keep the bulls ticking along grazing decent pasture and crop so a flurry of growth (and grain) is not required closer to sale, and we think it really works to promote instinctive foraging, structural soundness and longevity.

*This is the **only** single vendor Limousin sale in the state which means there is no feeding competition between vendors and the bulls are presented ready to work.*

Bulls are listed by age with the eldest leading the catalogue. All photos are with their natural winter coat, unwashed and ungroomed, so that you are better able to assess their suitability to your program. No animals are broken-in or shown nor received special treatment. These are our highest performing bulls of the year based on actual performance under commercial conditions when compared to their contemporaries.

At Talana, we are very mindful of producing bulls that not only suit market requirements but will also last. Each year we improve skin and coat to suit the heat, we improve feet and locomotion for longevity, we improve muscle type and doing ability and evenness of fat cover under less than perfect nutrition (for the market) all while holding docility as the primary trait (for ease of management). The Talana approach to breeding is broad and balanced preferring to use proven and predictable genetics in preference to the latest and greatest. When something new and great is eventually proven, has the right skin and coat, ideal feet and locomotion, desirable fat traits and growth we will purchase a son from a great cow to introduce to the herd.

To this end, in the past we have brought in Longreach Leon and Birubi Jupita as walking sires and more recently two bulls from the Morrisvale herd in WA: Morrisvale Quality Street and Morrisvale Slightly Single. Talana Quentin is a super powerful French Pure bull we used briefly who left six sons, two of which are in the running to be added to the walking sire battery. He is that consistent.

This year, for the French Pures, we have another great crop of super-predictable Leon sons. These guys just grow, are puppy dog quiet, have great feet and locomotion and a softness of muscle that only modern French Pure genetics can produce. The Quentin sons are a little more muscular and just as quiet.

For the Purebreds this year, we see the last of the Jupita's coming through and the first of the Quality Street's. We love Jupita for his great coat,

excellent locomotion and propensity for even fat cover. They really are commercially relevant cattle. Next year we will see more of the Quality Streets which so far are meeting expectations for growth, muscle type, mobility and foot structure.

For more information on these bulls please have a look at our website [www.talana.com.au](http://www.talana.com.au).

AuctionsPlus will be available for bidders not wishing to travel. If not familiar with the online platform some information can be found elsewhere in the catalogue.

Please call us on the phone or talk to us at the sale about your requirements for bulls particularly what you need them to be able do. We are here to help.

Bulls available to inspect at Ag-Grow site from Tuesday 12<sup>th</sup> September.

All the best,

**Anthony Graham**

0419 774 256

## SALE INFORMATION

**Inspections:** Bulls will be at Ag-Grow grounds from Tuesday 12 September. Call in and say hello.

Sale day inspections from 9am. Auction Starts at 2pm.

**Registration and GST:** Buyers bid card system will operate. All prospective purchasers will be required to register prior to the commencement of the auction. All sale lots are sold exclusive of GST.

**Catering:** Please join us for free food and refreshments on sale day.

**Phone Bidding:** Can be arranged prior to sale by contacting the vendor or agent.

**Online Bidding:** Available via AuctionsPlus. Please make sure you are signed up and authorised before the sale. Information on how to sign up can be found later in the catalogue.

**Agents:** Elders Emerald.

**Outside agents Rebates:** A 5% rebate will be paid to all agents that attend the sale and introduce their buyers in writing. Accounts must be settled in 7 days of sale.

A 3% rebate will be paid to all agents that introduce clients in writing but do not attend the sale. The agents must settle within 7 days of the sale.

**Warranty:** All animals are guaranteed fertile and docile (details in catalogue). In the unlikely event that you have a problem please call.

**Terms & Conditions:** As displayed on sale day.

**Accuracy of Catalogue:** While all care has been taken in preparing this catalogue we cannot guarantee it to be free from mistake.

**Health:** Bulls are ready for immediate use and have been treated as follows:

- 3 Germ Blood (tick fever)
- 7 in 1 vaccinations
- 3 day vaccinations
- Dectomax injectible
- Tested Pestivirus PI negative
- Talana herd holds J Bas 7 Johnes status
- Veterinary Bull Breeding Soundness Evaluation (VBBSE) – Physical examination and semen motility

**Safety Disclaimer:** The owners, employees and representatives of Talana Limousins accept no responsibility for any accidents that may occur at the bull sale or site. Although such occurrences are rare, any persons attending the Talana Limousins Bull Sale or inspecting animals beforehand do so at their own risk while on-site.

It is not advisable to take small children into sale pens.

**Insurance:** Elders Insurance will be available at the sale venue. While all care and attention will be taken, liability of the bull passes at the fall of the hammer.

**Buyers Instruction:** At completion of the sale all successful buyers are to attend the office and complete the buyers delivery sheet.

**Transfer of Registration:** Bulls can be transferred to new owners on request.

**Unloading at home:** On arrival ensure that other cattle (not other bulls) are in the yards to minimise stress while the bull/s familiarises with the new environment.

## EXPLANATION OF THE SUFFIXES TO ANIMAL NAMES IN THIS CATALOGUE

**Horn Status:** (PP\*) Homo Polled by DNA test, (P) Polled, (Ps) Polled with Scurs, (H) Horned.

**Colour:** (BB) Homo Black, (B) Black, (R) Red (not Apricot), (A) Apricot, (O) Other

**F94L Gene:** (AA) 2 copies, (AC) 1 copy, (CC) no copies (U) Unknown.

## UNDERSTANDING EBVS

An Estimated Breeding Value (EBV) is an estimate of the genetic merit of that animal for each trait measured.

Breed Average EBVs for 2021 Born Calves								
GL	CED	BW	200	400	600	MLK	SS	DOC
-2.1	+0.5	+1.7	+21	+35	+49	+7	+1.1	+43

**Gestation Length:** Lower EBV is shorter gestation

**Calving Ease Direct:** Higher EBV is easier calving

**Birth Weight:** Lower EBV is lower progeny birthweights

**200 400 & 600 Day Weight:** Higher EBV is higher growth

**Milk:** Higher EBV is daughters with more milk

**Scrotal Size:** Higher EBV is larger scrotal circumference

**Docility:** Higher EBV is higher % of docile progeny

**Comparing EBVs:** EBVs for Limousins cannot be compared with EBVs for animal of other breeds.

**Accuracies:** Give an indication of the amount of information that has been used in the calculation of that EBV.

**FERTILITY WARRANTY** - All bulls are to be sold as fertile and capable of natural service. The purchaser is to have the right to a full refund of the purchase price of the bull (excluding any costs and expenses of the purchaser) within six months of the date of the sale subject to submitting a veterinarian's report stating that the bull is infertile or incapable of natural service. The veterinarian must also state that in his opinion the bull has not suffered any injury or illness since being sold to the purchaser which could have affected his breeding ability. The veterinary report (together with a statutory declaration by the purchaser to the effect that the substance of the report is believed by the purchaser to be true and correct) must be forwarded to the vendor within 14 days of the date being six months after the sale date.

**DOCILITY WARRANTY** - All the animals are sold as having acceptable docility as defined by scores 1, 2 and better than a score of 3 of the official scoring system used by the Australian Limousin Breeders' Society. The purchaser is to have the right to a full refund of the purchase price of the animal (excluding any costs and expenses of the purchaser) within 28 days of the date of the sale or a replacement animal of similar quality and price to be supplied by the vendor subject to submitting a veterinarian's report stating that the animal is of unacceptable docility defined as score 3, 4 or 5 in the official scoring system of the Australian Limousin Breeders' Society.

The veterinarian must state that in his opinion the animal has not been mistreated in a way which would have affected its behaviour since being sold to the purchaser. The veterinary report (together with a statutory declaration by the purchaser to the effect that the substance of the report is believed to be true and correct) must be forwarded to the vendor within 14 days of the date being 14 days after the sale date.

## Lot 1 TALANA POLL SATURN (P A U)

Ident: GLGPS25

DOB: 20/02/2021

Grade: Pure (94.23)
